FLAP Project Selection Process

Each FLAP project is selected from a pool of applications submitted by the facility owner in response to a state-wide call for projects. The applications are screened, rated, and ranked using PDC approved rating criteria. The PDC unanimously agreed which projects met the established State program goals and conformed with the project ranking criteria contained in the "Call for Projects SOP". Based upon these evaluations, the proposed projects are recommended for programming within the available funding for each state.

Memorandum of Agreements (MOA) are coordinated and executed for each programmed project prior to obligation of FLAP funds. There was one call for projects that generated 2 applications totaling \$475,618 funds requested, however, one application was disqualified and the other could not determine the delivery agent.

- Forest Service
- Department of Defense
- Bureau of Land Management
- Fish and Wildlife Service
- National Park Service
- Bureau of Indian Affairs
- Bureau of Reclamation
- Other Agencies

The PDC established goals for the state that included preference to:

- "Shovel Ready" projects for final Programming Decisions Committee (PDC) ranking.
- Projects that have prior public dollar investments will be considered ahead of new project proposals.
