551 S Forks Ave

Forks, WA , 98331

Project Partner:

Jefferson County

Contractor:

Interwest Construction Inc.

Sequim, WA

Notice to Proceed:

February 24th, 2021

Fixed Completion Date:

September 18th, 2023

U.S. Department
of Transportation

**Federal Highway
Administration**

This week, Interwest Construction Inc. (ICI) continued the excavation work at the Canyon Creek site, MP 10.5. ICI has proceeded to the excavation on the east side of the site and will continue excavating the slope and ditch-line for the new alignment of the roadway. This week also marks the first delivery of the concrete Dolos, which are the structures that will be used to create the Engineered Log Jams (ELJs) at several locations along the Hoh River. See the photos on the next page.

Next week, ICI will continue this excavation and slope shaping work at Canyon Creek. Deliveries of material for the Canyon Creek bridge and ELJs will continue over the next few months.

Impacts to Traffic:

- Temporary traffic control signals and/or flaggers can be expected at all times at Canyon Creek, MP 10.5.
- Expect delays up to 30 minutes through the project limits (MP 3 through MP 11) between 8:00am and 5:00pm, weekdays, and minor delays at the traffic signals outside of these hours.
- Olympic National Park and businesses along Upper Hoh River Road will remain accessible at all times during construction.
