Notice to Proceed:

March 29, 2021

U.S. Department
of Transportation

**Federal Highway
Administration**

The Nez Perce National Forest and the Clearwater National Forest will have a total of 17 Forest Service road repairs this year. Work is expected to begin as winter thaw permits. Surveying will begin soon on FSR 426 and FSR 5503, with construction activity at these locations expected to start May 3rd.

The 5503 Swan Creek road is currently closed for public safety. The 426 Bridge Creek road currently has a seasonal closure, which will be extended during road reconstruction work.

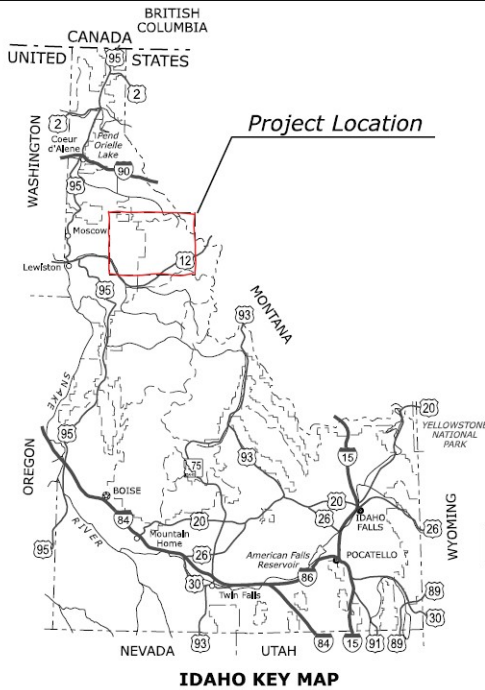

All designated sites will be resurfaced and rebuilt where washouts have occurred. This may include new drainage, retaining walls, rock embankments, or reinforced soil slopes.

Western Federal Lands has contracted with Debco Construction for this project.
