

Community Refuge Trail Project Newsletter Update

July 2nd, 2020

The past several weeks, CIC has been pioneering trail, grubbing, conserving topsoil, and working to excavate and embank with suitable onsite material and unclassified borrow, mainly focusing on the south end of the trail. The North and South Parking lots are to subgrade and ready for surface course. Contractor is continuing to work the problem areas on the north end of the trail while the good weather continues. ***Have a great holiday weekend!***

Right: Removing wood debris from trailway (Sta 65)

Below: Almost finished embanking to subgrade of trail (Sta 72)

Project Information

Contractor:

CIC, Inc. Sterling, AK

Notice to Proceed:
