Phillips County

Notice to Proceed:
May 26, 2020
Fixed Completion Date:
October 27, 2020

U.S. Department
of Transportation
**Federal Highway
Administration**

Short Oil Road is being administered by Federal Highway Administration Western Federal Lands Highway Division (FHWA), in partnership with the Prime Contractor Century Companies Inc. and Phillips County, Montana. Short Oil Road is HWY 364 and approximately 4 miles in length. The project includes removal of existing asphalt, roadbed reconditioning, aggregate base, asphalt pavement, and updating approaches.

Century Companies began super pave asphalt mainline operations. This work is scheduled to be completed the week of October 16, 2020. Once asphalt paving operations are completed, Century will begin aggregate and asphalt approaches, along with roadway aggregate shouldering finishing operations.

Century Companies Inc. construction schedule is 7:00am to 7:00pm Monday through Saturday. For the duration of the project, traffic signals are installed for work zones with one lane traffic. Traffic signals are installed on the project and on HWY 191. Haul trucks are using Ready Mix Road.

*** Expect delays during construction operations**
