of Transportation

**Federal Highway
Administration**

Construction Activities:

October 30, 2023

After 6 full months of work, all construction activities have reached completion and the contractor has demobilized from the site. For this contract, Battle Ridge Builders and their subcontractors successfully installed two new bridges, replaced several failing culverts, completed numerous drainage improvements and upgraded many sections of roadway. The project was successful in meeting USFWS design requirements, as well as time and budget requirements while building relationships amongst all project participants.
