Project Description

The North Entrance Project is the final component of the development of the Gardiner Gateway project. The project consists of a new entrance station building and two entry kiosks, a new employee bypass road, additional queuing lanes, and operational improvements to the Gardiner Transportation Center and Robert Reamer Road.

Road Surface Conditions

The main road to the entrance station has been detoured to the temporary bypass road around the construction zone.

Current and Upcoming Work

Current Activities:

- Ditch line work along Robert Reamer Ave
- Asphalt milling job wide

Upcoming Activities:

- Start parking lot subgrade
- Culvert installation

Traffic Conditions:

- Intermittent closure to through traffic planned for Robert Reamer. Local traffic will have access from the North Entrance Road.
