SUSPECTED SERIOUS INJURY CONVERSION

INJURY CODE	CONVERSION	DEFINITIONS / INSTRUCTIONS / NOTES	SOURCE	LOCATION
Suspected Serious Injury	2005 - Present		Investigator's Guide for Completing the VT Uniform Crash Report 2014	
2. Injury – incapacitating	A	<p>Injury – Incapacitating: any injury, other than fatal, which prevents the injured person from walking, driving or normally continuing the activities which he was capable of performing prior to the motor vehicle traffic crash. <u>Includes:</u> Severe lacerations, broken or distorted limbs, skull fracture, crushed chest, internal injuries, unconscious when taken from the crash scene, unable to leave the scene without assistance.</p> <p><u>Excludes:</u> Momentary unconsciousness.</p> <p><u>General:</u> Determinations are made on the basis of the best information available. It is not necessary to consult with doctors or hospitals unless information is not otherwise available, apparent condition immediately after the crash does not govern classification because the person may recover from hysteria quickly or may begin to feel the effects of internal or other injuries between the time of the crash and the time of leaving the scene.</p>	104. Injury	codes & definitions found on Manual pg43-44 (PDF pg49-50).
