2022-0095	3/22/2022	Sanbrano	-	A copy of a letter dated on or about November - December , 1968 from the California Department of Highways to the Federal Highway Administration concerning public hearings regarding Federal-aid Highway Funds that were being granted to the City of Claremont, CA (for a project on County Line Road, later changed to Claremont Boulevard) which were administered through the Los Angeles County Board of Supervisors (county government). Said letter was to certify pursuant to Title 23 of the Federal Highways Code, Sec 108 that public hearings were done in accordance with law. The letter was referred to in the minutes of a city council meeting on December 9, 1968. 2. A copy of the first 5 pages of the application for said Highway funds from the city or LA County.

2022-0096	3/25/2022	Blanchard	-	The following information may assist in narrowing and thereby making more efficient they search for these records. 1. Emergency Relief eligible event of 2006 pertaining to the middle Fork of the Boise River Road. These records should include a Detailed Damage Inspection Report (DDIR) 2. 2005 through 2006 Interstate 84 Eagle Rd. Interchange. Information I seek pertains to the modification of interstate controlled access and the disposal of right of way at this interchange. I suspect some of this Records exist electronically on computer I storage drives rather than in physical project files. I do recall Acces Conyotol and Right of Way "subject" files that may have been maintained by Scott Frey. 3. 2006 through 20012 local public agency program activities administered by Ada County Highway District, and the Local Highway Technical Assistance Council (LHTAC). I suspect these documents I seek are maintained on electronic file storage Systems under either specific project file designations, or in the case of LHTAC a specific program category.
