## Construction Activities & Upcoming Work

Inland Crane, Inc. (ICI) began assembling of the bridge trusses at the Ebenezer staging yard. They continue preparing Abutment 1 slab formwork and rebar placement at Abutment 1 soil nail wall.

In the coming week ICI will continue assembling the bridge trusses and work at abutment 1. ICI may also pour concrete at the East Anchor Block's (EAB)

The Salmon River Roadway will continue to be a single lane at the crane tower, concrete barrier is installed to protect the public and project site. The speed limit continues to be 15mph thru this area during the 2024 Construction Season.

**Please Use Caution** when traveling and be aware of oncoming traffic, during day, night, weekdays, and weekends. Thank you for your cooperation and understanding.
