Construction Activities & Upcoming Work

This past week Inland Crane, Inc. (ICI) continued tying rebar and formwork placements at Abutment 1, anchor blocks.

In the coming week ICI will be placing concrete in Abutment 1 anchor blocks. They will continue with structural backfill and compaction at the EAB's.

The Salmon River Roadway will continue to be a single lane thru the project site and at the crane tower. The speed limit continues to be 15 mph thru this area during the 2024 Construction Season.

US Forest Service has extended the area closures for the Stoddard Bridge construction project into 2025.

Please Use Caution when traveling and be aware of oncoming traffic, during day, night, weekdays and weekends. Thank you for your cooperation and understanding.
