

Yellowstone River Bridge September 6, 2024

Construction Activities & Upcoming Work

Project Description:

Utilizing Great American Outdoor Act Funding the Yellowstone River Bridge project includes constructing a new bridge over the Yellowstone River, a new alignment to the bridge approach, expansion of picnic areas, and additional parking at various trailheads.

Road Conditions:

Extreme caution should be used by motorist and tourist, particularly during rainy or snowy weather conditions. Temporary traffic control signs are utilized at the active construction locations to ensure public safety.

Current and Upcoming Work:

With colder weather arriving alongside the beginning of Fall, the contractor is making the final touches on critical portions of the project. The concrete pour of Pier cap 2 was completed this week. Steel erection to Pier 3 will start this coming Monday and will mark another large construction milestone for the year. Pier 1 cap pour is scheduled for early October. At the pre-cast plant only 3 segments are left to be casted then all segments will be complete.

Traffic Delays:

Minimal delays should be expected next week and the majority of the construction season. Please use caution when driving by construction access roads.
