June 17, 2022

Fixed Completion Date:  
July 26, 2024

Proof Testing of EAB 2B #2 Ground Anchor

Source of photos: FHWA

### Construction Activities & Upcoming Work

This past week Inland Crane, Inc. (ICI) completed the placement of the steel base plate at EAB 2B. They completed testing of the 6 Anchors for EAB 2B.

In the coming week ICI will complete EAB 2A base plate placement and complete the testing of the ground anchors. They will continue work on reinforcing steel and forms at Abutment 1 anchor blocks.

The Salmon River Roadway will continue to be a single lane thru the project site at the crane tower. The speed limit continues to be 15 mph thru this area during the 2024 Construction Season.

**Please Use Caution** when traveling and be aware of oncoming traffic, during day, night, weekdays, and weekends. Thank you for your cooperation and understanding.
