Construction, Inc

Clarkston, WA

Notice to Proceed:

May 3rd, 2022

Fixed Completion Date:

May 17th, 2025

Project Description

Utilizing Great American Outdoor Act Funding, the Lewis River Bridge project, located along the South Entrance Road, includes construction of a double span 357-foot long steel girder bridge, 3 mechanically stabilized earth walls, removal of the existing Lewis River Bridge, stone masonry, excavation, and paving.

Source: FHWA

Work Schedule

Expect work 7:00 a.m. to 7:00 p.m., 6 days a week.

The contractor is paving the parking lots and trails. They have placed all the concrete curbs and some sidewalks around the parking lots. Stone masonry work on the South MSE wall has concluded for this season.

Upcoming work includes: the contractor will continue placing viewing area concrete sidewalks as long as weather permits; however, cold inclement weather is expected in one week.

Traffic Delays

Warning - Anticipate up to 10 minute delays during construction activities. There is a single lane, two-way alternating temporary traffic control zone. Please observe and heed the temporary traffic signals. The new bridge allows 2 way traffic at night and during non-construction days; however the speed limit continues to be 25 mph.
