Rehabilitation of 9.3 miles of Going to the Sun Road and Replace Bridge over McDonald Creek Construction Activities & Upcoming Work

Project Description:

The Federal Highway Administration's Western Federal Lands Highway Division and Glacier National Park are partnering on a project to replace the multi-span McDonald Creek Bridge with a clear span bridge. Additionally, the project involves widening curves, milling, and repaving 9.3 miles of Going-to-the-Sun Road (GTSR) from Apgar to North McDonald. Conduit installation for future fiber lines will span from Grinnell Drive through Apgar curve to the new Camas Entrance Station.

Surface Conditions:

Upper McDonald Cr Rd is currently a paved with all permanent signs and markings. Travelers should be aware of the changes in the road alignment.

Current and Upcoming Work:

[North McDonald Bridge](#) — All major work is completed. Turf establishment was completed this week along with installation of signs and the sidewalk curbs on the bridge deck. Minor punch list items remaining.

[GTSR](#) — All major work completed. There may be minor work items along the road in the upcoming week to finish utilities in the shoulder.

Delays and Closures: (Please Exercise Patience During Construction)

North McDonald Road remains closed to all general vehicular and foot traffic. In-holder access should not be delayed.

Sporadic traffic control with minor delays along the GTSR.
