Topping off concrete on the downstream anchor block of Abutment 1

Construction Activities & Upcoming Work

Inland Crane, Inc. (ICI) continues working on reinforcement rebar, Cable pack alignments and form work on Abutment 1 Anchor blocks. They completed the first concrete pour of the season on Tuesday. In the coming weeks ICI will complete the Abutment 1 Anchor Blocks and complete remaining concrete placement and prepare for the drilling of Abutment 1 Ground Anchors.

Please Use Caution When traveling on the Salmon River Roadway at the construction site it will continue to be a single lane at the Crane Tower and K-Rails are installed to protect the Public and Project site. The speed limit continues to be 15mph thru this area during the 2025 Construction Season. Please Use Caution when traveling and be aware of oncoming traffic, during day, night, weekdays and weekends. Thank you for your cooperation and understanding.
