Idaho Falls, Idaho

83402

**Notice to Proceed:**

January 24, 2023

**Fixed Completion Date:**

November 30, 2026

## Yellowstone River Bridge

### Construction Activities & Upcoming Work

#### Project Description:

Utilizing Great American Outdoor Act Funding the Yellowstone River Bridge project includes constructing a new bridge over the Yellowstone River, a new alignment to the bridge approach, expansion of picnic areas, and additional parking at various trailheads.

#### Road Conditions:

Extreme caution should be used by motorist and tourist, particularly during rainy or snowy weather conditions. Temporary traffic control signs are utilized at the active construction locations to ensure public safety.

#### Current and Upcoming Work:

The contractor is continuing precast deck panel installation. Underdrain installation has begun. Wingwalls at Abutment 2 have been poured and are being finished. Back and stub walls at Abutment 1 have been poured and finished. Geosynthetic Reinforced Soil (GRS) backfill at Abutment 2 has begun. Girders have been welded to bearing pads at all piers and abutments.

#### Traffic Delays:

Minimal delays should be expected next week and the majority of the construction season. Please use caution when driving by construction access roads. Work will impact traffic while staging materials and as crews enter and exit the pier locations.

#### 2025 Construction Milestones:

Completion of Abutments—In Progress

Girder Erection—Completed

Bridge Deck—In Progress

Road Realignment—Later This Season
