Anchorage, AK

Notice to Proceed:

1/4/2023

Fixed

Completion Date:

July 6, 2026

U.S. Department
of Transportation

**Federal Highway
Administration**

Construction Activities and Upcoming Work

The contractor has started the 2025 construction season! The previous few weeks have seen them get their new man-camp setup in Tek Pit along with the FHWA housing in Igloo Pit. This week they began construction of the final bay on the east end of the bridge. Next week the contractor will set the small crane on the bridge and begin erection of the west half of the bridge out over the slide.

Traffic Delays

There are no traffic delays expected. Deliveries of oversized loads will be happening during the day and will be accompanied by an escort vehicle until such time that the buses begin running. At that time oversize loads will be restricted to night time travel unless otherwise permitted.
