

# POLYCHROME AREA IMPROVEMENTS

Source: Granite Construction Co., Inc.

May 8, 2025

## Project Number:

AK NPS DENA 10(49)

## FHWA Contact:

David Harvey  
E: Jesse.Harvey@dot.gov  
P: 360-833-3338

## Project Partner:

National Park Service (NPS)

## Contractor:

Granite Construction Co.  
Anchorage, AK

## Notice to Proceed:

1/4/2023

## Fixed

## Completion Date:

July 6, 2026

U.S. Department  
of Transportation

**Federal Highway  
Administration**

## Construction Activities and Upcoming Work

The contractor completed erection of the last bay on the east end of the bridge and moved the smaller erection crane onto the bridge. They set their material handling cart onto the bridge to move materials from the east end out west as they progress with erection. Next week the contractor will begin erection of the first cantilevered bay to the west out over the slide.

## Traffic Delays

There are no traffic delays expected. Deliveries of oversized loads will be happening during the day and will be accompanied by an escort vehicle until such time that the buses begin running. At that time oversize loads will be restricted to night time travel unless otherwise permitted.
