Notice to Proceed:

January 24, 2023

Fixed Completion Date:

November 30, 2026

U.S. Department
of Transportation

**Federal Highway
Administration**

Project Description:

Utilizing Great American Outdoor Act Funding the Yellowstone River Bridge project includes constructing a new bridge over the Yellowstone River, a new alignment to the bridge approach, expansion of picnic areas, and additional parking at various trailheads.

Road Conditions:

The road surface is milled pavement and compacted earth. Extreme caution should be used by motorist, particularly during wet weather conditions.

Temporary traffic control signs are utilized at all active construction locations to ensure public safety.

Current and Upcoming Work:

concrete work for the season is nearing completion with the completion of Pedestrian ramps on the bridge deck crosswalks. Stone masonry throughout the project is ongoing. The new alignment will soon be ready for pavement. Installation of culverts and placement of recycled asphalt base is underway with paving anticipated to begin next week.

Traffic Delays:

Work on the road alignment are resulting in minor traffic delays not to exceed 30 minutes. Flagger and a pilot vehicle are being utilized as needed. Drivers are reminded to exercise caution near construction access roads. With paving beginning next week additional traffic delays will may occur.

2025 Construction Milestones:

Completion of Abutments—In Progress

Girder Erection—Completed

Bridge Deck—Completed

Road Realignment—In Progress
