Project Description:

Utilizing Great American Outdoor Act Funding the Yellowstone River Bridge project includes constructing a new bridge over the Yellowstone River, a new alignment to the bridge approach, expansion of picnic areas, and additional parking at various trailheads.

Road Conditions:

The road surface is pavement for winter. Extreme caution should be used by motorist, particularly during snowy and wet weather conditions. Temporary traffic control signs are utilized to ensure public safety.

Current and Upcoming Work:

The project has begun demobilization for the season. Crews are cleaning the site and ensuring that erosion control measures are ready for the winter season and spring melt. Pavement markings were painted this week. The New alignment and bridge opened to vehicle traffic on Thursday, November 13th.

Traffic Delays:

The bridge and surrounding worksite will remain closed to pedestrians through the winter season. Drivers are reminded to exercise caution on the new road. Please exercise caution as workers continue to install snow poles, road signs cleanup for the season.
