Maximum allowable file size for form attachments: 25 MB

- *Direct upload to Masterworks forms in attachment grid*

Maximum recommended allowable file size for document folder upload: 100 MB

- *Upload and link file to document folder or upload file directly to document folder.*
- *Document folders do not have a set upload cap so there is flexibility, **but** system degradation has been observed for files over 300 MB*

Note: file types above can be uploaded to Masterworks but not all will be viewable in the document viewer. If a file isn't viewable, download it to your desktop to view it.
