Project Description:

Old Divide and South Fattig Creek Road is being administered by The Federal Highway Administration, Western Federal Lands Highway Division, in partnership with the prime contractor Century Companies Inc. and Musselshell County, Montana. Old Divide Road is approximately 6 miles in length. S. Fattig Creek Road is approximately 2 miles in length. The project includes sub-excavation, asphalt pavement crack sealing and filling, asphalt pavement, and chip seal.

Current and Upcoming Work:

Century and their subcontractor Winkler Excavating will begin removing 2-inch of roadway aggregate, method 2 from sub-excavation areas on 8/24. Century will then begin asphalt concrete pavement, Type 1 (sub-excavation) patching operations. These operations are scheduled for 2-3 days. Asphalt concrete placement, Type 1 (leveling course) operations will follow.

Traffic Delays:

Century Companies Inc. construction schedule for asphalt paving operations is 6:30am to 7:30pm, Monday through Friday. Signal Peak workers and residents should expect a 5 - 15 minute delay. Signal Peak has informed their employees of these delays. Saturday work is anticipated for asphalt paving operations. Traffic warning signs are installed on the project.
