Administration

Construction Activities

The work to install a 144-inch culvert at Forest Service Road (FSR) 5008-100 MP 0.75 will continue into next week. The in-water work window at this location is very limited, as a result the contractor is following closely to the closure schedule shown below. Roadway users should not expect additional openings beyond the times shown in the schedule. During these closures flaggers will be on site providing traffic control.

Work on the installation of new culverts, cleaning of existing culverts and roadside ditch repair at FSR 5140 MP 8.75 and MP 10.2 continues next week. FSR 5140 will remain closed to public traffic until the work at MP 8.75 and MP 10.2 is completed.

The roadway repair, ditch restoration, and culvert installation work at FSR 4415-040 MP 0.0 to MP 0.4 is now complete. Seeding at this site is scheduled to take place this fall.

Please use caution on roads nearby these sites, as there will be increased traffic related to work activities.

Road Impacts

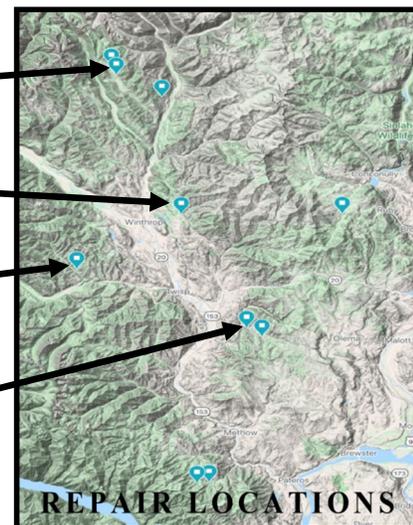

- **Closed** - FSR 5140 MP 8.75 & MP 10.2
- Work underway
- **See schedule above** - FSR 5008-100 MP 0.75
- Up to 3 hour waits - Work underway
- **Open** - FSR 4415-040 MP 0.0 to MP 0.4
- Work Completed - Fall Seeding
- **See schedule above** - FSR 4150 MP 0.3 & MP 2.2
- Up to 3 hour waits - Work resuming late July

Above: Roadway completed at FSR 4415-040
