

FEDERAL LANDS HIGHWAY STRATEGIC BUSINESS PLAN

2023-2033

Source: FHWA, FLH

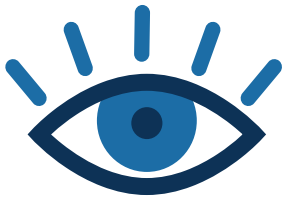

MISSION:

We deliver innovative and context sensitive transportation solutions in alignment with our partners' missions and values.

NICHE:

We are federal partners in program and project delivery who deliver challenging projects with a variety of stakeholders to provide context sensitive transportation solutions.

VISION:

A safe, reliable, equitable, and resilient transportation system for all those accessing Federal and Tribal lands.

BUSINESS LINES:

Program Administration,
Project Delivery

VALUES:

Public Service | Integrity | Family and Work-Life Balance | Respect | Personal Development | Diversity | Collaboration

KEY PARTNERS:

Tribes | Federal Land Management Agencies | State and Local Agencies

ORGANIZATIONAL STRUCTURE:

OFFICE OF FEDERAL LANDS HIGHWAY (HFL)

Central Federal Lands Highway Division (CFLHD)	Eastern Federal Lands Highway Division (EFLHD)	Western Federal Lands Highway Division (WFLHD)
--	--	--

Regional Project Offices (RPOs)

KEY AUTHORITIES AND PROGRAMS:

- 23 USC 201 Federal Lands and Tribal Transportation Program (FLTP)
- 23 USC 202 Tribal Transportation Program (TTP)
- 23 USC 203 Federal Lands Transportation Program (FLTP)
- 23 USC 204 Federal Lands Access Program (FLAP)
- PL 117-58 Sec 11127 Nationally Significant Federal Lands and Tribal Transportation Projects (NSFLTP)
- 23 USC 171 Wildlife Crossing Pilot Program (WCPP)
- 23 USC 210 Defense Access Roads Program (DAR)
- 23 USC 125 Emergency Relief for Federally Owned Roads (ERFO)
- 23 USC 308 Engineering Services

BUSINESS LINES

PROGRAM ADMINISTRATION

OBJECTIVE:

Program Administration is the inherently governmental role of delivering programs following statutory requirements to ensure compliance, and effective stewardship and oversight of government funds in service of the Administration's priorities.

ACTIONS:

- Oversee and approve a multi-year program of projects informed by asset management data, integrated planning, performance goals and principles, risks, and stakeholders' needs.
- Effectively manage and provide stewardship and oversight of our programs to comply with statutory requirements, stabilize delivery, and ensure accountability of funds and finances.
- Implement the Administration's priorities through policy, programs and projects.
- Strengthen and maintain partnerships with mutual respect, open communication, collaboration, and checks and balances to stabilize and sustain program delivery.
- Recruit, retain, equip, and adapt a diverse workforce with the appropriate expertise to deliver our programs.
- Encourage cross training and developmental assignments including hosting opportunities within FLH and FHWA.
- Invest in our data management and Information Technology to effectively and efficiently deliver our program and projects.

PROJECT DELIVERY

OBJECTIVE:

Deliver safe, effective, value-added transportation engineering and related services for the planning, design, construction, preservation, emergency repair, and improvements of transportation facilities to meet the unique needs of a wide variety of traditional and non-traditional partners. Integrate innovation and technology deployment into our project delivery efforts and expertise. Ensure FHWA maintains diverse practical experience and technical knowledge in a variety of disciplines.

ACTIONS:

- Collaborate with partners to efficiently and effectively deliver projects and programs.
- Provide innovative and context-sensitive technical solutions that meet stakeholder needs.
- Champion transportation research.
- Collaborate to fund and deploy innovations and technologies while having a culture of accepting calculated risks.
- Strategically pursue diverse and developmental projects.
- Recruit, retain, equip, and adapt a diverse workforce with the appropriate expertise to deliver infrastructure projects and services.
- Enhance agency technical expertise by augmenting FHWA's disciplines knowledge.
- Encourage cross training and developmental assignments including hosting opportunities within FLH and FHWA.
- Viewed by FHWA as the preferred source of professional capacity for all appropriate disciplines and management.
