Comments: Removal and replacement of structurally deficient bridge with a 2016 sufficiency rating of 10.0, a substructure deficiency rating of 4, and a appraisal rating of 3 for the structural rating condition . \$75,000 bridge planning funding was awarded in 2015 and additional planning funding was used from the Larson Bridge project. After awarding \$150,000 bridge planning funding to Larson Bridge in 2015, Larson Bridge was found to not be structurally deficient. A portion of Larson Bridge funding was used to cover unbudgeted/unexpected costs at Blacktail Bridge. It is anticipated that bridge construction funding will be applied for in fall/winter 2019 in the amount of \$1,282,200. PE completed under former G2G contract.

Comments: Development of Right of way surveys and plats for any TTP project. This may include boundary survey, right of way exhibits, plat development and applying and getting right of way filed with BIA Agency. This has been developed as a separate project effort due to inconsistencies and changing requirements within BIA Realty. This continues to delay projects and cause efforts outside the normal project development process.
