Comments: Preliminary engineering for a breakwater off the traditional boat landing site to enable the use of marine vessels (boats and barges) in inclement weather. The breakwater will increase the usable days of the landing site.
 The Savoonga Small Boat Harbor, Savoonga, Alaska, Section 107 Decision Document, 2011 described options for a breakwater.

Comments: We are still in planning stages of this facility and have not yet purchased it. Most of the preliminary planning has been completed and the stages are complete for purchase. Total purchase price is \$775,000 and monthly payments are \$7,863.26 for a total of \$94,359.12 a year. Our interest rate is 4%. We will be paying the loan back with TTP funds. Loan payments per year have been included in Administration. Construction and maintenance funds per year will cover our five plan to completely repair the dock as per our Engineer's report. Main float, ramp and dock walkway will be operational for summer season 2018.
