## CA NPS PP MANZ 20019(1) Manzanar Pavement Preservation Newsletter

This week the contractor mobilized from Baker, CA to Manzanar, CA to start the second portion of the project.

At Manzanar National Historical Site, the contractor spent three days crack sealing and crack filling before beginning applying micro surfacing to the pavement.

The contractor is planning on working Saturday.

The Auto Tour Route will be closed during construction on that route all other routes will have one-way traffic control.

Crack sealing Manzanar's Frontage Road

### WORK SCHEDULE:

M—S, 7:00—6:00

### DELAYS AND CLOSURES:

Expect delays of up to 15 minutes on various routes as the work progresses.

Partial closures at Manzanar beginning April 3.

Project Engineer: D. Brouillard
