Construction Activities

Work at Forest Service Road (FSR) 4150 MP 0.3 and MP 2.2 is complete with seeding planned for this fall.

Work at FSR 4010-050 MP 0.78 and MP 2.3 is progressing forward. The work on the 96-inch pipe culvert at MP 2.3 is underway and will continue for the next few weeks. Work has also begun on the 132-inch pipe culvert excavation at MP 0.78. FSR 4010-050 will remain closed to public traffic until work at MP 0.78 and MP 2.3 is completed.

Work at FSR 4200/FSR 4200-400 MP 0.2 is currently planned to start at the end of September once work at both of the FSR 4010-050 sites are completed.

Please, if the closed signs are up, stay out of the work area.

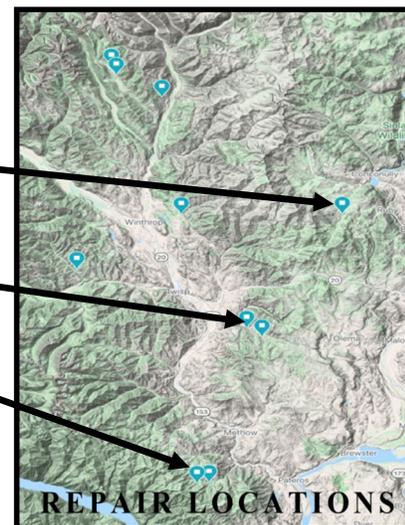

Also, use caution on roads nearby these sites, as there will be increased traffic related to work activities.

Road Impacts

- **Closed** - FSR 4200/4200-400 MP 0.2
- Work starting at the end of September
- **Open** - FSR 4150 MP 0.3 & MP 2.2
- Work complete
- **Closed** - FSR 4010-050 MP 0.78 & MP 2.3
- Work underway
